

Any Direction

The mobility of our movement is so great... I would say 360 degrees... because you are stationed in the centre, in your spirit. You can move any way you like, as long as you are centred in your spirit. But this is an important point which we need... that we are centred in our spirit... and whatever movement we do... as long as we are centred in our spirit... is necessary for our growth... for the growth of the collective (850310)

You shouldn't worry about your reputation... just go full speed into any direction, knowing one thing... that you are my child, and that I am Adi Shakti... everything that looks horrible will become better... you have seen it now... don't worry about anything... just know that I am the Adi Shakti... that all the powers of Gods and Goddesses... and all that are within me... and they 'are' within me... and they are all looking after. But if that recognition is not there... they are not going to recognise you either (911013)
