

Atma

The Spirit, the reflection of God Almighty (MME); The Spirit, which together with the Causal, i.e. the essence of the 5 elements and the way they are placed in you, when put together make the Soul or Jivatma; The Atma or Spirit can move out of the Soul; The Spirit does not vibrate... it doesn't do anything... it reflects; Atma is eternal, it doesn't die; You must be able to reflect the Spirit... unless and until you are clean, you cannot reflect (860725); Atma is all the time giving... it cannot receive - that is why it is untarnishable... it is unsurmountable... nothing... nobody... can dominate it... it is 'above' (820124)
