

Giving

After getting Realisation, you emit, you give, and you enjoy giving... more than taking (980706); This 'giving' is the most beautiful thing that Sahaja Yogis can do (881226); The greatest advancement for your emancipation is done by your giving... giving the universal through your 'universal' being. Among us there are people who have given a lot, and by that they have achieved a lot too. You have to give, talk about it, spread it, and bring more people to get this - otherwise they will be left out of the evolutionary process (760330)

When the aesthetics of matter starts giving you joy... you do not want to possess it... even if you want to possess it, it would be just to enjoy it and give it away to somebody else. When you develop your witness state this will come to you that... you will not keep things to yourself, but you would like to give and share... sharing... that is the time you should know... you have become a witness, because... you are enjoying (800927)

It is a wrong idea that we have to become like a pauper and give everything to God... but if you give just a little bit then He gives a hundred times more. That is why you have to give a very 'wee' bit to God (861225)

Dynamism & Humility

We have to be very busy people, because we are now employed by God (821101); So much dynamism and so much humility... what a combination, and that's what you have to manifest; The more you work... the more you assert yourself... you'll find that humility and obedience are the only things that will help you carry out your work... and you'll become humbler and humbler (890423); Dynamism is going to impress... be alert and dynamic, and work it out. The justification for doing nothing is very clever: "oh our ego will come up" - is very clever (890611)

Discoveries - Ideas

A person's... attention may have been fixed by conventional ideas. Some of them are correct... some are incorrect... some are absolutely false... some are useless... some are only because they wanted to make money... so they published some trash. Now, as soon as you get Realisation... you go back to your own... gross awareness... and start tallying this 'subtle' with the gross - and you again start losing the vibrations. You are not to fix your attention... but you have to make your attention subtler and subtler (770126.2)

Brilliant ideas may come, if one's attention is constantly involved with experiences of Sahaja Yoga - which can be encouraged by the practice of keeping two diaries, one for everyday experiences, and the other for special things that happen or occur (800517.2)

A discovery, if it is for one individual, then it has no meaning - it has to go to the masses. Today this (Sahaja Yoga - Ed) is an en masse happening, it is not for one person (980320); Even the atom bomb and all these things... they are also protective - if they had not created those, people would not have taken their minds away from war (830113); Everything that is discovered by one person, has to become the common knowledge... otherwise it has no meaning... even in science (790608.1)

Sharing

When the aesthetics of matter starts giving you joy... you do not want to possess it... even if you want to possess it, it would be just to enjoy it and give it away to somebody else. When you develop your witness state, this will come to you that you will not keep things to yourself, but you would like to give and share. Sharing... that is the time you should know, you have become a witness... because you are enjoying (800927); Sharing of your things is an extremely joy giving thing... that is how all of us have to live... sharing things. Don't think about yourself... think of others... think what others like; It is such a joy-giving thing... to cook for others. So the Principle of Lakshmi is only enjoyed, when you share with others... we have to learn to share (960716)

The Horseshoe

Is auspicious... do you know that in modern times the symbol of Sahaja Yoga is a horseshoe shape... it has many meanings... but why that shape is auspicious people did not know. People do not know why one thing is auspicious... and another thing is not auspicious. Now this has been in England for years... people were using horseshoe as an auspicious thing... and it is... 100%... the shape of a horseshoe emits vibrations... you can see for yourself... the shape... is the shape how the Shakti moves... how the power moves... always like this... elliptical... like if I love this person, the vibrations will go like this... and embrace her and then will come back... but it can be 360 degrees it moves. The whole creation took place by the movement of the Shakti like this (800721)

Then Source of All... in Words of Wisdom...
Showed the way that lay before...

Shri Adi Shakti, 1989:

You must all individually also work it out that you study Sahaja Yoga in a way... whatever I have said can be seen... found out... what is said about health... what is said about children... because I spontaneously say things... and if you can sort it out you will know so many things... I mean if you sit down and do a study of these tapes it will help you to find out so many little little things that are so important for life. You can clarify it... can note it down... that this Mother said about these things... it will be very good for us to sort it out this way... what point is to be noted down in different headings... can put different different headings, and jot it down. Mother has said 'so'... Mother has said 'so'... whatever is not on the tape you should not listen to... whatever is on tape is authentic... whatever is recorded already should be accepted (890725); We must have one tape each - sit down and listen again and again - with pencil and paper, and see what I am saying (890611)
