

Analysing

As soon as you start analysing in Sahaja Yoga, you lose everything. Do not find faults, but know that there are faults with you, that can be corrected through Sahaja Love. Receive it, expose yourself to it (791202.2); In the West, we get it fast because we are seekers, but we also lose it fast, because we start analysing (791203); The biggest problem in the West is that they start analysing - you see, the legs are to be used for climbing up... and here you are analysing the legs, and the feet... so the whole purpose is lost (800518)
