(To be studied in a way)

You must all individually also work it out that you study Sahaja Yoga in a way. In most of the tapes whatever I have said can be seen... found out... what is said about health... what is said about children... because I spontaneously say things... and if you can sort it out you will know so many things... I mean if you sit down and do a study of these tapes it will help you to find out so many little little things that are so important for life. You can clarify it... can note it down... that this Mother said about these things... it will be very good for us to sort it out this way... what point is to be noted down in different headings... can put different different headings, and jot it down. Mother has said so... Mother has said so... whatever is not on the tape you should not listen to... whatever is on tape is authentic... whatever is recorded already should be accepted (890725)
