

Yantra

The Kundalini itself (920621); Yantra, means Kundalini (791202.4); Yantra is the mechanism... and Tantra the manoeuvring of it... the technique... which works out our Self Realisation... and is to be known and understood fully. Yantra, the mechanism, is the Kundalini... is a living force within you... it exists... it is placed for your Realisation... is a Holy mechanism (771121)
